All I want for Christmas is.....

By: John Inks

Over the past few months I have written articles about “What’s beyond the Yes” and I’ve even asked if you “Have a big But.” All these words were to raise the awareness of how important you, are as a member of ONCJC, to the Club. Your membership and volunteerism are the life blood of what keeps our Club the great organization it is today. Without your infectious smiles, your off-the-wall costumes, and the great food that comes with each event there would be no ONCJC as we know it. Instead it would be just another dance club struggling to survive.

I recently received an article written by Renee Harris Baker from the Knoxville Smokie Mountain Shaggers. This article was passed along from a former Club member and friend Don Wagner. The article is too long for me to copy in its entirety but I’m going to ask our webmaster, Steve Mayo, to add it to our website so you can read what someone from another Club has to say about membership and volunteering.

In closing, all I want for Christmas is....

- 🍎 All current memberships paid,
- 🍎 The weekly door worker list full,
- 🍎 All special events complete with chairpersons,
- 🍎 100 Friends dancing, smiling and having fun every Wednesday night.

Thank you for a wonderful year. May the New Year bring you peace, good health and much happiness. And remember, *dance like nobody is watching.*

10 Day Panama Canal round trip Ft. Lauderdale Caribbean Princess January 23 - February 02, 2020

The Panama Canal Today

A major expansion completed in 2016 added the new Aqua Clara Locks on the Atlantic Coast and the Cocoli Locks on the Pacific coast, which can now accommodate larger ships to transit the canal. Caribbean Princes was among the first large ships to sail the Agua Clara locks

Watch from the Promenade deck or from your balcony as your ship is raised and lowered through the Panama Canal's lock system. Powered by gravity using water pulled from Gatun Lake and you'll be struck by the capacity of human ingenuity. Each historic lock fills with an astonishing 52 million gallons of water and measures 110 feet across and 1,050 feet in length, leaving a berth of only 16 inches on either side of your ship. While the new, expanded locks can accommodate larger ships, the process is equally as astounding. A Panama Canal expert will give a narration from the bridge as you transit, providing history
